E-mail :

Telephone :

Date :

Family Name :

Name :

Adresse postale :

Model 1 Pc or 2 Pcs.

Step 1 :

Please give us an idea of design, colors, logos
we will make the design for your approval

Step 2 :

To take measurements, carefully look at the pictures provided for this purpose, and ask a third party to help you take the different dimensions, and also take pictures of measurements.

Note : Do not add additional measures. Remember to wear your usual protections which are located below your suit (back protector, chest protector, leggings, etc.) to take your measurements.

Important :

To take measurements, remember to put on your under suit (or clothes with which you ride) + back protector and / or plastron !

- Take measurements ONLY with a measuring tape (flexible tape measure) !
- The tape measure should barely grip the skin or clothing when taking measurements. Indicate the exact measurement !

Follow these measurements same like this way!
